

# Where We've Been and Where We're Going: Mapping the Reach of the National Digital Platform

Project Title	Where We've Been and Where We're Going: Mapping the Reach of the National Digital Platform
Project Summary	Apply creative thinking to develop innovative ways to analyze and represent data from IMLS-funded projects in libraries across the nation.
Country	United States
Agency	Other
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	1

## Project Description

This project will include a combination of staff-directed and self-directed work during the internship. The intern will have regularly assigned tasks, but will also develop new ways to analyze and represent data from funded projects in libraries and related organizations. Desired qualifications include the ability to analyze and present information using data analysis software such as Excel, R, Python and web visualization libraries such as D3.js or other free libraries/tools. For more information about the National Digital Platform priority areas, please visit the following links: <https://www.imls.gov/issues/national-issues/national-digital-platform>
